UW-Extension,
Cooperative Extension
Celebrating 100 Years!
1912-2012

Cooperative Extension has served the citizens of Wisconsin since 1912 and will spend 2012 celebrating 100 years of education and outreach to families, youth, farmers, businesses, and communities. Co-operative Extension is a unique partnership of counties, the U.S. Department of Agriculture, and the UW system, working together to help people put knowledge to work. This partnership brings education to people where they live through Extension offices in each of Wisconsin's 72 counties. It supports educational programs available to all citizens of Wisconsin.

Iowa County's UW-Extension office is home to the following program areas: Family Living/Nutrition Education, Agriculture, Community Resource Development, and 4-H Youth Development.

Thanks to 4-H Youth Development programs, young people across America are learning leadership, citizenship, and life skills while having fun, learning, exploring, and discovering. In 4-H, youth make new friends, develop new skills, become leaders, and help shape their communities.

Everyone benefits when youth get involved in 4-H!

**Happy 100th Anniversary to UW-Extension,

PHOTOGRAPHY

New this year – some of the adult photography leaders are planning 2 fun photography workshops this summer. Any photography leaders interested in joining us can contact Deb or Muffy in the Extension office. More details on the workshops will be in the June Newsletter.

Meet your county photography leaders:

Paula Daentl has been a club photography leader for a number of years and has helped all four of her children take unusual and interesting photos that have been exhibited at both the county and state fairs as well as entered in a number of photo contests throughout the county and state. Paula would love to help teach you how to look for the unique and unusual angles of just about any object that make a photo fun to view as well as teach you photo basics. Contact Paula @ 623-2731 for assistance.

Muffy Swingen became interested in the 4-H photography project while attending a seminar that Wayne Brabender (State 4-H Photography Specialist) was teaching here in Iowa County. She has clerked for the Photography Judges at the Iowa County Fair for the last 4 years. She is by no means an expert, but she is willing to help kids learn more about how to compose proper photos, and what the judges at the fair are looking for. You can contact her at the Extension office at 930-9850 or muffy.swingen@iowacounty.org during business hours, or muffyswingen9@gmail.com

Annika Swenson is a new photography project leader for Iowa County. Annika grew up in Hayward (Sawyer County) and exhibited in photography through 4H for over 10 years. She has recently moved to the area and is looking forward to sharing her advanced photography knowledge with the Iowa County Clubs. With an eye for composition and a heart for capturing the story, she hopes to bring her passion for photography to all of you. Her favorite subjects include her 4 dogs, numerous chickens, and the beautiful landscapes of the Driftless region.

Susan Judd has been involved in 4-H since she was a kid. She first became interested in photography through the Linden Loyal 4-H club when she was young. Now, she loves to take pictures of her kids. Sue also likes to look on line for creative ways to take pictures then try to do it herself. She will be able to provide you with different opportunities for your creativity and passion for photography. She will provide other venues for you to enter your photos in throughout the year. Sue looks forward to meeting you and having fun with your cameras.

CELEBRATE EARTH DAY AND MOBILIZE THE EARTH

April 22, 2012

Earth Day is a day for action; a chance to show how important the environment is to you and your 4-H club. On April 22, more than one billion people around the globe will participate in Earth Day 2012 and help **Mobilize the Earth™**. People of all nationalities and backgrounds will voice their appreciation for the planet. Together children, youth, and adults will stand united for a sustainable future. A sustainable future depends on each and every person regardless of our age. Join the **Billion Acts of Green®**, the world's largest environmental service campaign. Already, over 500 million environmental actions have been registered on the Earth Day Network website. You can register your activity at www.earthday.org.

What types of activities might be done? It can be changing to a couple of energy-efficient light bulbs in your home to a club project where everyone gets involved and helps to clean up a stretch of the roadside. Here are a few ideas to get you thinking about what is possible:

- Plant a garden
- Plant a tree
- Plant a flower bed in a location the community can enjoy
- Rake the yard of older folks and compost the leaves
- Use recycled paper and use both the front and back sides
- Recycle paper, cans, and other materials accepted for recycling
- Turn off lights when not needed
- Use only the water needed for such activities as brushing your teeth and showering

When you have completed an activity, celebrate with an earth birthday party! You have made a difference.
