FIRST ANNUAL 4-H SCIENCE FAIR

Plan now to share your **science fair experiment or research** at the first annual Iowa County 4-H Science Fair from 5 pm to 7 pm on Tuesday, July 28. Present results of your work with your 4-H projects in the form of an experiment, infographic, report, display board, or model that you have created. Be thinking of experiments and activities you can do related to some of your 4-H projects. Determine which cookie recipe is best, see how far different kinds of paper gliders can fly, test the heart rate of different animals, create a robot to complete a certain task, determine which fabric is strongest, compare ingredients in animal feed, or any others you can think of. Your project literature might have some ideas for you to try. Find more ideas here: <http://www.sciencebuddies.org/> Check the June newsletter for more information about the 4-H Science Fair.

Registration for **4-H Science Day and 4-H Robotics Day** at the end of the newsletter!

BRING IT BACK REPORT

I had a great time at State 4-H & Youth Conference last summer. We were at UW-Madison for 4 days and 3 nights. The best part of days was visiting the State Capitol twice and meeting 4-Hers from across the state. The most fun at night were the assemblies where the Drama Company and Showcase Singers performed. We also got to play basketball and have dances. I hope the 4-Hers attending State 4-H & Youth Conference this summer have as much fun as we did. Thanks to the 4-H Leaders Association for sending me on this trip.
