

PLANNING EMERGENCY LIVESTOCK TRANSPORT RESPONSE (PELTR)

Who should take this course?

This training is intended for first responders, including:

- Fire/EMS/Law Enforcement/State Patrol
- County Highway Department & Emergency Mgmt.
- Public Health and Safety Communicators
- Governmental Administrators
- Veterinarians
- Those experienced in handling livestock who may provide planning assistance.

Spring class now available!

Course Goals

Participants share the information with their organization/ department's members to develop and improve their toolbox for responding to livestock transportation crashes. Topics covered include:

- Livestock behavior in times of stress
- Animal handling, movement, and containment
- Biosecurity issues
- Extrication of animals from trailers
- Euthanasia decision-making process
- Handling mortalities

Cost: \$50

Self-paced virtual (UW-Madison Canvas) course with one-half day in-person session (includes light snacks). Registered participants will receive a hard copy manual.

In-Person Session Begins at 9:00 a.m., June 11th at the Iowa County Fairgrounds hosted by Amanda Cauffman and Jackie McCarville, Regional Ag Educators for Grant, Green, Iowa, and Lafayette County UW-Extension Offices.

Educational Credits

Emergency response personnel will be awarded eight (8) hours continuing educational units (CEU) for participation in this program.
