

Weed Management Workshop

Successful weed control requires accurate early identification along with timely management decision-making. UW-Division of Extension is offering four weed management workshops throughout southwest WI.

Workshop highlights include:

- ◆ Live plant samples
- ◆ Weed ID discussion
- ◆ Weed ID materials
- ◆ Updates on 'new' species

Please consider joining the discussion and dusting off your agronomy skills ahead of the 2023 growing season!

Meeting locations:

Dodgeville- 3/21 (2-3PM)
[Health and Human Services Building](#)

Darlington- 3/22 (1-2PM)
[Multi-Purpose Building](#)

Lancaster- 3/23 (1-2PM)
