TIPS FOR COMPOSING YOUR APPLICATION PACKET

Reference the “Applications Requirements Chart” on the next page for what is required for each opportunity. One application may be submitted for multiple awards or scholarships, but it is CRITICAL that the applicant identifies in the COVER LETTER what exact travel scholarship(s), college scholarship(s) or award they wish to be considered for.

When it comes to the cover letter and resume, please note...

- **Use a computer.** You can save your work and make revisions from year to year. If you do not have a computer at home, work with your school, a friend, or a local public library. The cover letter, resume, and essay questions **must** be typed with a computer.
- **Plan ahead.** Go through each part of the resume and cover letter before typing. Collect your thoughts and use the guide materials in this packet. As much as possible, think of your 4-H experience as a job. What do you do? What skills have you developed as a result of participation in 4-H? How have you personally changed as a result of your 4-H experience?
- **Consider layout, design, and abbreviations.** Your cover letter and resume should be easy to read and understand. Arrange your resume as illustrated in the sample copy provided.
 - Choose a common and professional font, such as Arial or Calibri. Your font size should be 11-12 point. Use the same font throughout your application documents.
 - Use between .5” and 1” margins at the top, bottom, and both sides of your page.
 - Avoid using too many abbreviations, as not everyone may be familiar with them.
- The cover letter for this application should be no longer than one page and **must** specify what award or scholarships(s) you are applying for.
 - **Travel Scholarship Applicants:** Short and concise letters are encouraged! Don’t make this overly hard on yourselves; the first and last paragraph can be as short as just 1-2 sentences.
 - **Award & College Scholarship Applicants:** Write this letter as you would for a job application, specifying why you are qualified and deserving of this recognition.
- **Order is important.** Resumes are typically put together by organizing information in the order that it happened. Arrange information in reverse chronological order (most recent first) within the sections designated in the examples in this packet.
- **Individualize it.** This is YOUR resume and cover letter. Outlines and samples are provided to assist you, but you **must** add your own personality and experience to it.
- **Proofread!** Your documents should be free of spelling and grammatical errors. Use spell check and follow up by having at least two other people proofread your cover letter, resume, and essay response. Don’t lose points in the process by neglecting to proofread!
- **Ask for help if you need it!** If you have never gone through this process, you will probably have questions. Don’t hesitate to ask! Dan’s office number is (608) 930-9850, and his email is dan.brandt@wisc.edu. Ask questions or get clarification if you don’t understand something!
